# MANAS KHARE

manaskhare63739@gmail.com +1 6027435297 Tempe, Arizona www.linkedin.com/in/manas-khare-3b377818b/ https://manaskhare.netlify.app/

## SUMMARY

With approximately 2 years of experience in software development, Manas Khare has established himself as a proficient full-stack developer with expertise in Java, Python, SpringBoot, React, and MySQL, delivering high-performance solutions that drive efficiency and scalability. He has architected and developed comprehensive order management systems, designed enterprise-grade software solutions, and led on-site installations for critical projects, leveraging his strong problem-solving skills and adaptability. As a strong advocate of clean code practices and microservices architecture, Manas has boosted application efficiency by 30% and demonstrated a strong foundation in machine learning and NLP, complemented by certifications from Stanford University, University of Washington, and Oracle.

## EXPERIENCE

**Software Developer** Sep 2024 — Jul 2025
*EQG Glassmach* India

- Architected and developed a comprehensive order management system that revolutionized internal workflows, significantly improving processing efficiency and resource accessibility across teams
- Collaborated with cross-functional teams to gather requirements, implement clean code practices, and deliver robust features while maintaining high code quality
- Enhanced system stability and performance through rigorous testing, debugging, and optimization, resulting in measurable improvements in application responsiveness

**Associate Engineer** Mar 2024 — Sep 2024
*Brillio* India

- Designed and implemented enterprise-grade software solutions perfectly aligned with client requirements, leveraging SpringBoot, React, and MySQL for optimal performance
- Boosted application efficiency by 30% through strategic API optimization and implementation of microservices architecture using Eureka service discovery
- Fostered seamless cross-team collaboration to ensure timely delivery of high-quality features and maintain project momentum

**Software Developer Trainee** Jun 2023 — Feb 2024
*EQG Glassmach* India

- Successfully led on-site installations for critical projects, ensuring flawless deployment and smooth user adoption at customer locations
- Developed innovative order management software from the ground up, dramatically improving operational efficiency and making resources more accessible to users
- Demonstrated strong problem-solving skills and adaptability while transitioning from academic learning to professional software development

## EDUCATION

**Master of Science in Computer Science** Aug 2025 — Jul 2027
*Arizona State University* Arizona, USA

**B.Tech. in Computer Science & Engineering** Jun 2019 — Jun 2023
*SRM Institute of Science and Technology* India | GPA: 8.42

## PROJECTS

**CRISPR: Promise & Peril** https://crispr-promise-peril.netlify.app/
*D3.js, JavaScript, HTML5, CSS3, Netlify*

- Dual-narrative structure — CRISPR: Promise vs CRISPR: Peril
- Interactive data visualizations illustrating genetic engineering concepts
- Immersive storytelling with user-driven exploration

**DevAssist — Vercel Deployment Agent** https://github.com/ManasKhare3005/DevAssist
*Python, Playwright, Vision Transformer, Chromium, ViT-Tiny*

- Vision Transformer (ViT-Tiny) encoder for pixel-level UI understanding
- Playwright-driven headless Chromium browser automation
- Hybrid bootstrapping: manual trajectories + automated learning

## SKILLS

**Languages:** Java, Python, C, C++
**Full Stack Development:** HTML5, CSS3, JavaScript, React, REST APIs
**Backend & Systems:** Spring, SpringBoot, Microservices Architecture
**Databases:** MySQL, Firebase
**Machine Learning & NLP:** Supervised Learning, Model Training, Data Preprocessing, NLP Fundamentals
**Tools & Platforms:** Git, GitHub, GitLab, Oracle Cloud Infrastructure

**Tools & Platforms:** Git, GitHub, GitLab, Oracle Cloud Infrastructure
**Concepts:** Object-Oriented Programming, Distributed Systems Basics, Software Design, API Development

## CERTIFICATIONS

**Machine Learning**
*Stanford University*

**ML Foundations**
*University of Washington*

**Oracle Cloud Infrastructure Foundations**
*Oracle*

## ACHIEVEMENTS

- Top 25 teams in Zeta Hacks out of 200+ teams.
- Top 5 teams in HackBMU 4.0.
- Secured 1st Position in Hack-A-Code among 35 teams.
